POWERING OUR GRATITUDE

With Thanksgiving quickly approaching, we want to take a moment to say thank you to the hardworking linemen crews and Customer Care teams who keep the Beaches powered. We see your dedication and have nothing but gratitude for the care you show our community.

WHEN TIMES GET TOUGH, COUNT ON THE CARE PROGRAM

These days, we all know just how easy it can be to find yourself in a difficult financial situation — illness, job loss, and other hardships take a toll. When life takes an unexpected turn, the CARE Program provides assistance during challenging times and helps you keep the lights on.

UNWRAP HOLIDAY SAVINGS

From beautiful décor to delicious food, there's a lot to love about the holiday season. But with holiday magic comes something else – increased electricity usage. Here are a few tips for making the most of the season, without breaking the bank.

Decorate Wisely

Swap traditional lights for energy-friendly, LED alternatives and remember to unplug decorations when not in use.

Turn Up The (Natural) Heat

Weatherproof your windows and doors, and open the curtains to let in sunlight and warm your home without relying on your HVAC system.

Give Yourself the Gift of Upgrades

Put a new thermostat, energy-efficient appliance, or other upgrade on your holiday wish list. You can score a deal, lower your monthly energy bill, and maybe even earn a rebate, too!
