SEA TURTLE NESTING SEASON

One of nature's greatest seasonal events is underway. Sea turtle nesting season begins May 1 and continues through October 31. Florida is the largest nesting area in the world for the Northwest Atlantic Ocean Loggerhead. At Beaches Energy, we are passionate about helping the mother turtles and their offspring stay safe and protected.

How Beaches Energy Helps

Throughout the season, we turn off street lamps near beach accesses where sea turtle nests are marked.

How You Can Help

- Restrict or shield direct beachfront light from homes or landscapes.
- Avoid unneeded light, noise and movement on the beach at night.
- Do not walk or cycle on beach dunes.
- Keep beaches clean by picking up trash, beach furniture and miscellaneous items.
- Do not disturb sea turtle tracks, eggs, adults or hatchlings.

For more information on ways to help our sea turtle visitors, contact www.bstp.net or call Beaches Sea Turtle Patrol at **904-613-6081**.
